FOR IMMEDIATE RELEASE

New Leadership for Titus

March 13, 2006

Richardson, Texas – Titus is pleased to announce the appointment of Michael Winn as Vice President effective February 13, 2006. He will report directly to David Gau, President for Air System Components (ASC). As Vice President, Michael will be responsible for all activities related to the Titus brand most directly overseeing Sales, Marketing and Engineering.

“Michael has a broad range of experience in sales development, product management and financial analysis.” David Gau said, “I was influenced by his strong work ethic, past success and unrelenting desire to come to work for Titus.”

Michael recently worked as a District Manager for Lennox where he significantly grew both sales and profits in his District. Calling on contractors gives him great insight and empathy for the representative business.

Mike and his wife Laura have four children Sarah, Nicholas, Corah and Michaella. In addition to chasing his kids around, he enjoys tinkering with hotrods and building furniture.

Air System Components LP is a market-leading supplier of heating, air conditioning and ventilation system components for commercial and high-end residential applications. Air System Components Division (ASCD) corporate headquarters is in Richardson, Texas, and is home for multiple marketing brands that operate as independent companies. The Titus and Krueger brands have been major market forces for over 50 years; Tuttle & Bailey, for over 100. The Penn Ventilation and Barry Blower brands merged to form PennBarry for marketing products to the commercial and industrial sectors.

Air System Components Division employs over 7,000 people, and is a part of the Building Products Group of Tomkins plc. Tomkins plc, is based in London, England and employs over 37,000 worldwide with annual sales of over US\$ 5 billion.
