### ECM Motor Amperage Ratings

Unit	Motor	120V/1/60	208V/1/60	277V/1/60
Size	hp	FLA	FLA	FLA
B	<sup>1</sup> / <sub>3</sub>	5.0	3.3	2.6
C	<sup>1</sup> / <sub>3</sub>	5.0	3.3	2.6
D	<sup>1</sup> / <sub>2</sub>	7.7	5.0	4.1
E	<sup>3</sup> / <sub>4</sub>	9.6	7.9	5.5

FLA = Full Load Amperage, rated per the motor nameplate

All fan motors are single phase, same voltage as electric coil (when supplied), with exception that 277V motors are used with 480V, 3 phase coils (4 wire wye).

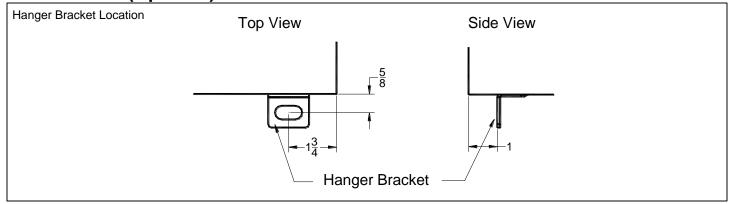

## **Accessories (Optional)**

Check 🗹 if provided.	
Induced Air Filter, 1" thick, disposable construction type.	1" Fiberglass Liner
Fan disconnect switch (not available on units with optional electric coils.)	1/2" EcoShield Liner
Ean unit fusing	1/2" EcoShield Liner (Foil Face)
Cam Latch for Access Door	1" EcoShield Liner
Hanger Brackets	1" EcoShield Liner (Foil Face)
	Fibre Free Liner
	SteriLoc Liner

#### Accessories (Optional) Unit sizes A & G each have separate submittals due to construction differences.

### **General Description**

- Heavy steel casing, with leak resistant construction.
- Dual density insulation, coated to prevent air erosion, meet requirements of NFPA 90A and UL 181.
- Ultra high efficiency, brushless DC ECM motor with a unique microprocessor based motor controller.
- Manual PWM controller allows simple screwdriver adjustment of fan speed.
- Optional remote PWM controller allows for a 0-10 V signal from the DDC controller to adjust the fan speed.
- Efficiencies of up to 70% across the entire operating range.
- Provides a large turndown ratio
- Constant volume regardless of changes in downstream static pressure allows for factory setting of cfm.
- Top and bottom access panels can be removed for service.

- Multipoint, center averaging velocity sensor.
- Primary air flow balancing connections.
- Pressure independent primary flow control.
- Single point electrical connections.
- Rectangular discharge opening is designed for flanged duct connections.

This submittal is meant to demonstrate general dimensions of this product. The drawings are not meant to detail every aspect of the product. Drawings are not to scale. Titus reserves the right to make changes without written notice.
