Standard Finish: #26 White

General Description

- TDC-AA-NT is designed for 24" x 24" Narrow Tee regressed ceiling systems.
- TITUS Model TDC-AA-NT is a high capacity ceiling diffuser. Because it maintains an unbroken horizontal flow pattern from maximum CFM down to minimum, it is an excellent choice for variable air volume applications.
- Core is removable from the face of the diffuser.
- Lever operator on optional Model AG-95 damper allows easy volume adjustment from the face of the diffuser. (Rectangular necks only).
- Model TDC-AA-NT is extremely flexible, with cores available for 1, 2, 3 or 4-way horizontal flow patterns.
- Material is aluminum with misc. steel parts.

This submittal is meant to demonstrate general dimensions of this product. The drawings are not meant to detail every aspect of the product. Drawings are not to scale. Titus reserves the right to make changes without written notice.
