### AVAILABLE MODEL:

AORCS / Aluminum 1½" Adjustable Grid System

### FINISHES

Standard Finish - #26 White / Antimicrobial PowderCoat

Optional Finish - #01 Mill

Optional Finish - #21 Enviro-Thane to match / Antimicrobial PowderCoat

Optional Finish - #84 Black / Antimicrobial PowderCoat

### OVERVIEW

#### Gasketed Heavy Duty Ceiling Grid System

The Atlas Ceiling Grid System is a field assembled, gasketed, heavy duty ceiling grid for use in operating rooms, laboratories, and cleanroom applications. Used to support diffusers, blank-off panels, and light fixtures, the Atlas ceiling system also creates an air tight barrier between the space and ceiling plenum to prevent transmission of contaminants into or out of the occupied space. All systems are custom engineered for each unique application.
