TND-AA / Aluminum

FINISHES:

Standard Finish - #26 White

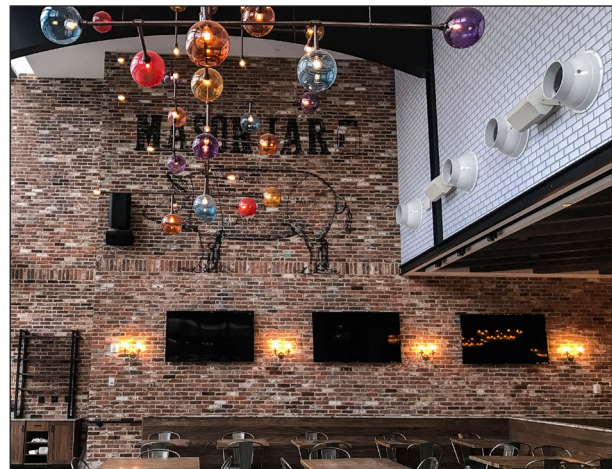

Optional Finishes - #01 Aluminum / #84Black

OVERVIEW

Nozzle Diffuser

The Titus TND-AA diffusers are an excellent choice for applications that require large volumes of air with either directed and/or concentrated shots. Ideally suited for theaters, shopping malls, auditoriums, gyms and industrial applications. The TND-AA provides a 0 to 38° adjustable discharge with optional aperture damper for volume control.
