

# SG-3300RL

MEDIUM SECURITY FIXED  
DEFLECTION GRILLE

Titus medium security grilles are designed to provide excellent performance in areas requiring increased levels of supervision. The SG-3300RL is used in sidewall applications. With heavy-gauge steel louvers welded to a steel sleeve that extends through the wall, the SG-3300RL is an exceptionally strong bar grille.

## FEATURES & BENEFITS

- Border 16 gauge steel frame with reinforced welded mitred corners
- Sleeve 14 gauge steel
- Finish #26 White
- All Welded Construction
- Louvers 14 gauge steel louvers on 3/8" centers penetrating through the sleeve and wire welded at both ends
- Each louver is reinforced by interlocking support bars spaced on 6" centers
- Mesh Screen 10 gauge x #2 mesh wire located behind louvers and secured by steel angles welded in position
