

# OMNI

## STEEL PLAQUE FACE DIFFUSER FOR USE IN ARCHITECTURAL CEILINGS

The Titus OMNI is a steel plaque face diffuser that satisfies architectural and engineering criteria. Its strong, clean, unobtrusive lines harmonize with the ceiling system without sacrificing performance. The curvature of the OMNI backpan works with the formed edges of the face panel to deliver a uniform 360 degree horizontal air pattern, without excessive noise or pressure drop. It is an excellent selection for variable air volume systems.

### FEATURES & BENEFITS

- Excellent choice for variable air volume systems
- Supply diffuser for architectural ceilings
- Available in wood grain finishes
- 360 degree air pattern
- Face panel is held in place by 4-hook brackets that positively engage into slots in the backpan
- Available in 7 border styles including the NT border for Narrow Tee applications
