General Description

- The Model MCD modular core diffuser is an extremely flexible diffuser. The model MCD can be adjusted for 1, 2, 3 or 4-way air patterns after being installed.
- Model MCD diffuser maintains a horizontal flow pattern from maximum to minimum CFM making it an excellent choice for variable air volume applications.
- Optional AG-95 (square and rectangular) opposed blade damper is accessible from the face by removing a modular core.
- MCD is shipped with the modular cores set for 4-way throw.
- Material is steel.
