

Air Balancing Devices Damper with Grid • Duct Mounted For Round Duct Takeoffs

Model: AG-65

Installation Detail

AG-65 Detail

Standard Finish: #84 Black

General Description

- The TITUS AG-65 is a duct mounted damper with grid used in round duct applications.
- Performs as a turning vane, damper and equalizing grid.
- Field installs at the transition between the primary rectangular duct and the round duct take off.
- Damper blade is adjustable at screwdriver operator slot located in round duct section. Blade opens directly into primary air system.
- Material is heavy gauge steel.
