- Sleeve Barrier Grille
Constructed of 1/2" diameter aluminum bars with maximum 6" opening.
- #04 Mill Finish

General Description

The TITUS model SG-PRA is a maximum security grille. The design of the grille allows a greater effective free area and air flow without compromising security and safety.

The TITUS model SG-PRA is used in areas where moisture may cause a problem with standard steel grilles.

Standard Construction Details

- Face Plate
1/8" aluminum with 5/16" diameter holes on 7/16" staggered centers and 1" border.
- Sleeve
1/8" aluminum.
- Finish
