4 Way	<input type="checkbox"/> A4

Removing Center Core

1. Remove shipping clips.
2. Push core sideways against spring.
3. Hold core securely and allow to drop down.

General Description

- TDX-AA-NT is designed to integrate into 24 x 24" Narrow Tee regressed ceiling systems.
- The TITUS TDX-AA-NT has louvered face with integrated induction nozzles for exceptional air mixing.
- Model TDX-AA-NT is extremely flexible, with cores available for 1, 2, 3 or 4-way horizontal flow patterns.
- Core is removable from the face of the diffuser.
- Slot operator on optional, neck-mounted Model AG-95 damper allows easy volume adjustment by removing the diffuser core. (Rectangular necks only).
- Optional DA allows for internal duct connection.
- Material is aluminum with miscellaneous steel components.
- Model TDX-AA-NT is a high capacity ceiling diffuser. Because it maintains an unbroken horizontal flow pattern from maximum CFM down to minimum, it is an excellent choice for variable air volume application.

This submittal is meant to demonstrate general dimensions of this product. The drawings are not meant to detail every aspect of the product. Drawings are not to scale. Titus reserves the right to make changes without written notice.
