

## TDX-NT / TDX-AA-NT

- The Titus TDX-NT and TDX-AA-NT have louvered faces with integrated induction nozzles for exceptional air mixing
- Models TDX-NT and TDX-AA-NT are high capacity ceiling diffusers for use in narrow tee regressed ceilings. These diffusers maintain an unbroken horizontal airflow pattern from maximum cfm down to minimum, which makes them excellent choices for variable air volume application.
- Model TDX-NT is extremely flexible, with cores available for 1-, 2-, 3- or 4-way horizontal flow
- Core is easily removable from the face of the diffuser
- Slot operator on the optional Model AG-95 damper allows easy volume adjustment (Square necks only)
- Material is heavy gauge steel or aluminum with miscellaneous steel components
- For a uniform face appearance on all round neck sizes, specify an 18 x 18" dimension 'A' size and the desired round neck size. This is available in 24" x 24" lay-in module size only.

TDX-NT / TDX-AA-NT

### MODELS:

TDX-NT / Steel  
TDX-AA-NT / Aluminum

### FINISH:

Standard Finish - #26 White

### OVERVIEW

Louvered Face / Induction Nozzles / Narrow Tee

The Titus TDX-AA and TDX-AA-NT have louvered faces with integrated induction nozzles for exceptional air mixing. These models are high capacity ceiling diffusers that maintain a continuous horizontal flow from maximum cfm down to minimum cfm, making them an excellent choice for variable air volume applications.
