#### MODEL:

SG-BG-FM

#### FINISHES:

Standard Finish - #26 White

Optional Finish - #04 Mill

#### OVERVIEW

Barrier with Frame

Titus model SG-BG-FM is a framed barrier grille typically used to effectively maintain security in wall openings between secure and non-secure areas. This barrier grille restricts passage through duct openings.

#### OPTIONS

- Vertical Bars Only - 3/4" diameter steel bars on 6" centers
- Horizontal Bars Only - 2 1/2 x 1/4" steel bars on 6" centers
- Finish - #04 Mill
