

SteriLoc

Overview

SteriLoc Liner

Titus offers a wide variety of liners suitable to meet any application requirement. SteriLoc is ¹³/₁₆" foil face duct board liner. The foil face provides a cleanable surface, making it suitable for many hospital and IAQ applications. All edges are encapsulated so that no fiberglass is exposed to the airstream.

See website for Specifications

MODEL:

¹³/₁₆" SteriLoc Liner

¹³/₁₆" STERILOC

INSULATION CHARACTERISTICS

Material:	Foil Faced Duct Board Insulation
Thickness:	¹³ / ₁₆ "
R-Value:	3.5 ft ² °F h/Btu @ 75° F
Density:	4.0 lbs/ft ³
Flame Spread:	25
Smoke Density:	50
Mold Growth:	None

CODE COMPLIANCES

UL 723	Flame / Smoke (25/50)
UL 181	Air Erosion
UL 181	Mold Growth and Humidity
ASTM C 665	Corrosiveness
ASTM 1338	Fungi Resistance
ASTM G21	Fungi Resistance
ASTM G22	Fungi Resistance
